Healthy habits?

Read and choose the correct answer. Name: __________________

Kalifa and her children came to the USA five years ago. She is from Somalia. Many things are different in America. American food is very different from Somali food. You can buy 'junk' food with lots of fat, sugar and oil. In America people don't walk as much as they do in Somalia. You can drive a car or take the bus everywhere.

Kalifa's children like junk food. They like to eat hamburgers and chips. She does too. She is a bit fatter now. Her children like to watch TV. They don't go outside to play. Kalifa doesn't walk very much because she has got a car.

When Kalifa goes to the doctor, he says she has to eat more fruit and vegetables. He says that too much junk food is bad for her health. He tells her that she needs to do more exercise and that too much fat and not enough exercise is bad for her. It is bad for her children, too. Kalifa doesn't know if the doctor is right or wrong.
